Dear Mabbott,
 It's sure been
 neat to be in a couple
 of your classes these

 you're a tiger it's been lots of
 fun. Some day I think I'll
 write a book called "Mabbott

Mr. Mabbott:
 As a teacher, you're the
 best. I really like your
 opinions and it's too bad
 that they weren't heard by
 certain people.

There were times, I
 would wonder about my
 U.S. History, but you sure
 made everything clear to
 me. I sometimes wish
 newspapers were a little
 clearer.

FALL CONSTRUCTION

SPRING CONSTRUCTION

Mr. Jess L. Purdy

Mr. William C. Sorenson

Mr. Purdy has been principal of John Rogers High School for ten years.

He fully understands the problems of Roger's High School students with the recent increase in enrollment and the crowded conditions that exist here at the schools. He has been working very closely with the faculty, architects, and contractors so that the new additions will be suited to the needs of the students and faculty.

The new additions include a field house, the first in any Spokane Public school. A cafeteria, with a seating capacity of over six hundred, and a new fine arts wing, which includes the Art Department, Home Economics, and a nursery for pre-school children.

The vacancies of some present facilities make it necessary to remodel parts of the old building into a new study hall, a teacher's lounge, and new commercial room. On the second floor there will be a new journalism department, and a dark room. Also there will be an extension to the library, plus several new classrooms. The third floor is to receive a new Biology laboratory.

Mr. W. C. Sorenson has held a variety of positions in the public school system since his graduation from Ricks College in 1930.

He taught Elementary and Jr. High Schools in Idaho for eleven years. Then he became principal of Emmett Elementary and Sr. High Schools for six more years. After this he was Superintendent of Payette Public Schools from July 1944 to 1950.

He served as a local instructor at the University of Idaho extension classes in 1948, 49 and 50, and was Director of S.S. Workshops in 1951, 52.

As a state worker he was State Curriculum Director of the State Board of Idaho.

In September of 1953 he became Secondary School Curriculum Director of Spokane, Washington. He was promoted in 1955 to the position of Assistant Supervisor for Secondary Education, and in August 1957 he was elected Superintendent of Spokane Public Schools.

Mr. Paul MacGown

Mr. Paul MacGown has been Vice Principal of Rogers for ten years. Before becoming Vice Principal, he was Boys Advisor, and also taught English.

Some of the responsibilities of Mr. MacGown are, seeing that we have an active and effective Student Council, to supervise and organize student activities and student morale, in general he is in charge of student administration of the school.

This year there were a few changes made for the next fall administration because of the new office system.

Mr. James Elsensohn

Mr. James Elsensohn has been appointed as Assistant Principal this last year. Before going into the administrative end of the school, he taught Social Studies for twenty-two years. He is in charge of guidance and curriculum. This consists of supervising the courses and classes, and also working with the cadets, and administering all standardized tests for students.

Mrs. Sprague

Mrs. Sprague, who is familiar to all students, came to John Rogers in September of 1946. Until last year she was in charge of the main office, besides being secretary to Mr. Purdy and taking care of attendance.

With the new branch of the office she handles all student attendance, and directs students who are having trouble to their proper advisors.

Mrs. Welch

Mrs. Welch worked at the School District's Administrative Office for three years, before coming to Rogers last fall.

A few of her duties as guidance clerk consists of checking the Freshman Achievement Tests, making reports on the progress of students to the grade school, and helping with the enrollment of new students.

She enjoys her work very much, especially the contact she has with the students.

Mrs. Black

A newly created position here at Rogers is that of "Dean of Girls." This position is ably filled by Mrs. Lavelle Black. In the past she was a girl's P.E. instructor in the old Hillyard High School in 1929. Marriage interrupted her teaching career in 1935 but later she resumed her school career in 1942 as Girl's Advisor. Just recently she was given the title of "Dean of Girls." Mrs. Black's various duties include, girls attendance, health and curricular problems. When asked what are her goals, she will reply, "I am interested in girls, I would like to see all girls well adjusted and happy."

Mr. Jelinek

Mr. Jelinek has a big job dealing with the boys as "Dean of Boys." His time is taken up by those students who have personal, academic and social problems.

Mr. Jelinek is remembered as a chemistry teacher. This year he stepped out of his role as a Chemistry instructor and into the full time job of Dean of Boys. As part of his duties he directs the Hall Patrol and supervises various service activities in which boys participate. Although he likes his new job he misses the fragrant odor of H₂S.

Mrs. Hollis

Mrs. Hollis is a new office worker this year. Before coming to Rogers she was Mr. W. C. Sorenson's secretary at the School District 81 office.

Her tasks are many and hours long. She has the responsibility of handling all mail and correspondence, registering new students and issuing transcripts to those leaving, greeting guests, and caring for the need of the faculty.

Mrs. Rowe has been in charge of the bookroom at Rogers for four years. She is in charge of locker registration, and buys, sells, and dispenses all sup-

Mrs. Folland

plies to students, and faculty. Her summers are spent by taking inventory and stocking the bookroom for the opening of school in the fall.

Mrs. Folland is assigned to two offices. In the main office she handles accident insurance, tickets, deposits and refunds. As a bookkeeper in the business office she assists in keeping records and handling miscellaneous duties. She has been at Rogers for two years.

Mrs. Rowe

In Memoriam

Shirley Lorraine Fosket
September 7, 1939
July 3, 1957

"Yea though I walk through the valley of the shadow of death I will fear no evil, for thou art with me."

Psalm 23.4

When the class of 1958 marches down the aisle to receive their diplomas Shirley Lorraine Fosket will be present in memory only, for on July 3, 1957 Shirley marched up that long aisle to receive the diploma of eternal life.

It is hard to understand why the young who have so very much to live for are taken from us. Although Shirley's life on earth was short and at time very painful her courage and faith never wavered. May that same courage and faith ever be an example to us in our journey through life.

Well Mr. Mabbott (coach)
 it has been a lot of fun learning
 how to play tennis under your
 system of teaching and all of the
 communistic principles you have
 brain washed into us, the pupils
 of your 5th period W.S. History class.
 Really I owe a lot to you for all
 of the time and trouble you have
 spent on me. Well good luck to a
 real swell guy. Dave Adams

Mrs. Mabbott.
 It really been a
 pleasure being in your U.S.

 minute of it.
 I want to wish you
 all your future years
 happiness.

Mr. Mabbatt

Well here we are May 21, 1954, 12:17 + 59 sec.
I am sure glad that I have taken the
last of one of your tests, they are
terrible. In 5 1/2 days I will be out
of this school and though with you.
Just think no more Mabbatt.

Home Rooms

All kidding aside I wish you
the best of luck while trying to teach
those poor students in the years to follow.

The Girl's League challenged Boy's Fed. for attendance at a football game. As you can see the girls lost.

One of the most successful projects of the Boys Federation this year was the Dad's Night. The evenings activities included wrestling and boxing matches, Faculty vs. Student Basketball game and other sports activities. After the sporting events the Dads and Sons were treated to refreshments and good music by a Whitworth Combo in the school cafeteria.

THIS IS A
BOYS FEDERATION PROJECT.

This Mercedes-Benz 120 SL sports coupe was to be the star of a Boy's Federation Con. But it was just a inch too wide to get in the back hall. Mr. Madren of Madren Motors talked about the car and after the con many of the boys "looked it over."

Captain Applejack was the outstanding dramatic production of the year. The set shown here represents many hours of hard work by the production staff and contributed greatly to the success of the play. An interesting sidelight is the fact that this play was the first dramatic

play given at Rogers High School in 1932. Mr. Purdy, then the drama coach, was in charge of this performance. Three performances were given this time and a large crowd was present for each.

Robbie Elsensohn (45) boots all important P.A.T. to nip the Richland Bombers 14-13 in one of the major upsets of the season. Such kicks as this enabled Robbie to be the city's best in this division.

Rogers head football coach, Fred Brown, shouts encouragement to the team in one of the more exciting moments of play while Bob Poffenroth looks on.

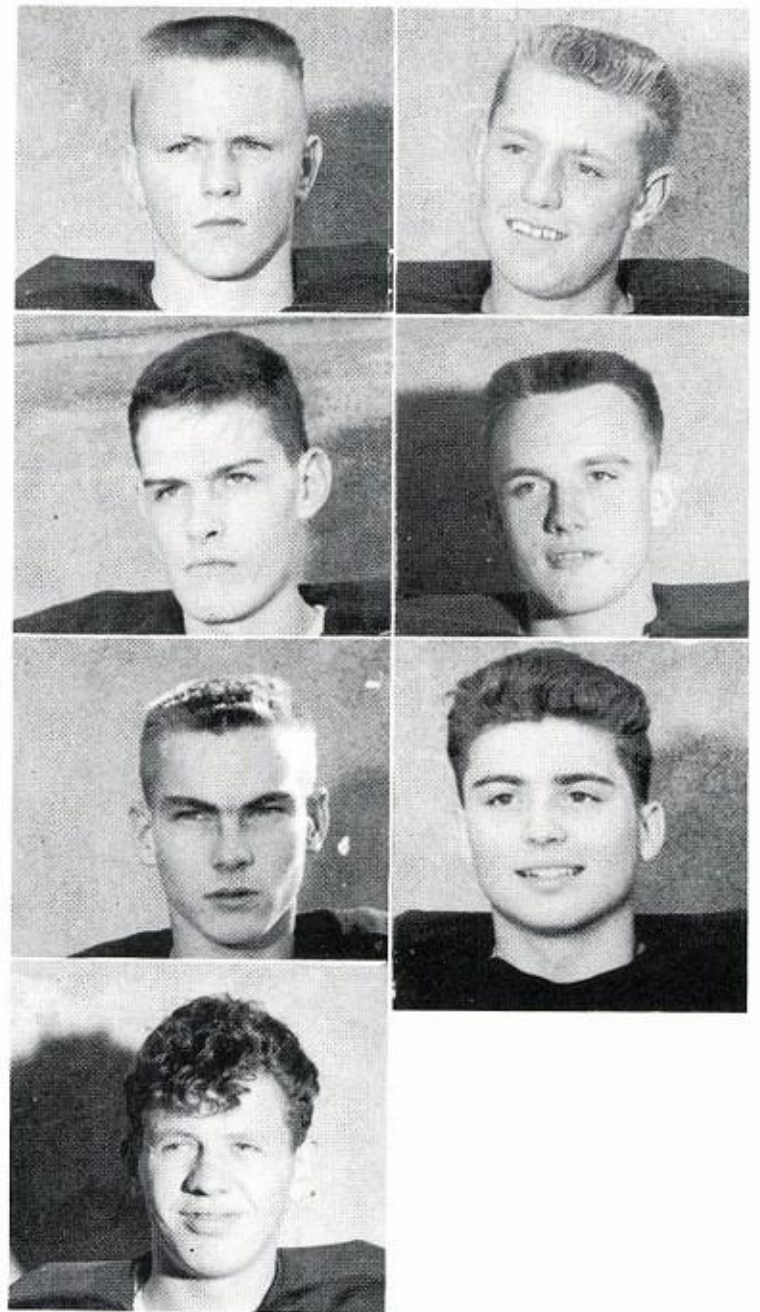

Rogers small "Mighty Mite", Rex Schimke, stiff-arms would-be Indian tackler and heads up field on one of many fine runs which earned him the title of top rusher in the city.

*W*hen you think about it, the family photographer falls somewhere in the family doctor-lawyer classification. The photographer, like the doctor and lawyer, is called upon when major events in your life occur.

With a fine studio portrait you can relive in later years the happiness of the engagement, the wedding, the arrival of children. A photograph is part of forever, and our studio takes this responsibility seriously.

* We are proud to be the photographer chosen to photograph your graduating class. We hope that this is the beginning of a lifelong relationship.
